ADDITIONAL INFORMATION

PROFILE

I wouldn't call myself a nerd but reading, studying and perfecting my skills are one of the things I love working on. Besides being on my computer the whole day, I spend some time in the kitchen experimenting with new recipes and perfecting old ones. Writing code is something that takes up most of my time because it's challenging and I love challenging tasks. When I am not indoors, I am outside with my friends going to events or hanging out at cafes or restaurants.
